## Pet policy, Application, Registration & Rules

*Tenants may have common household pets in their units. KOPRC does not discriminate against applicants or tenants based on their ownership of a pet.*

### **Assistance Animals**

Assistance animals are exempt from the pet rules and pet deposit. However, tenant must comply with state and local health and safety laws and must be responsible for the care and maintenance of the animal. All animals must be under control by the responsible person and appropriately restrained while in/on common areas. Proof of proper inoculations must be provided to management prior to the animal's arrival and updated annually.

Management retains the right to verify the applicant or resident has a disability and there is a disability-related need for the requested accommodation of an assistance animal. Documentation of the disability and the need for the animal may be required by an appropriate third party.

**Type of Pets Allowed:** Dog, cat, fish, birds, turtles, small household animals.

### **Limitations on Pets**

1. Dogs must weigh under 40 pounds and stand under 20 inches at the top of the shoulders. Maximum number – One (1). Minimum age – Three months. Must be housebroken.
2. Cats must be a domesticated variety – size within reason. Maximum number – One (1). Minimum age – Three months. Must be litter box trained.
3. Fish - Tanks shall not exceed 10 gallons in size.
4. Birds - Limit of one, not to exceed 12 inches. Wings must be clipped.
5. Small "rodents" (Hamsters, Gerbils, Mice, Guinea Pigs, Rabbits) - Limited to one type, two in number. Must be caged.
6. Turtles - Limit of two, caged.
7. Absolutely no birds of prey, reptiles, monkeys, rats, dangerous or poisonous fish or other exotic or undomesticated animals of any type will be permitted.

### **General Guidelines**

1. Pet Application/Registration Form, approval for housing a pet, completion of a pet policy & rules and payment, or arrangement for payment, of the refundable pet deposit, is due when the pet is brought to the unit. Application/Registration Form must be completed prior to the pet living on the premises and must be updated

annually. Pet owners are responsible for providing management with required registration documents in a timely manner.

2. Applicant must certify to their ability to control, clean and care for the pet.
3. Applicant must provide the name, address and phone number of a person who agrees to take the pet from the building in case of absence (over 24 hours) of the pet owner for any reason. This information will be verified by the management. Additionally, this information must be updated annually to management during the recertification process for Section 8 residents. Market residents will be contacted by the office to update this information during their anniversary month.
4. Management will need to personally see and evaluate the pet for temperament, behavior, quietness, response to owner, etc. Home visits may also be required. Evaluation is to verify that the pet does comply with the selection criteria, that it appears to be in good health and well cared for and that it is well behaved and under the control of its owner. Overly aggressive, rambunctious or unfriendly animals will not be accepted.
5. Applicant is responsible for the proper disposal of pet waste as outlined in the pet rules. Failure to comply may result in a \$5 penalty charge per occurrence.
6. If, after reviewing application information, the management determines that a resident intends to own or keep a common household pet in the dwelling unit and the pet constitutes a serious threat to the health and safety of others, management will refuse to register the pet.

### **Refundable Pet Deposits**

Payment of a refundable pet deposit is due no later than the time the pet is brought to the unit. Pet deposit for dogs and cats are \$300.00. This deposit is over and above the security deposit amount required by the Department of Housing and Urban Development for apartments. A monthly payment plan is available requiring a down payment of \$50.00 followed by regular monthly payments of \$10.00 each month until paid in full. The refundable pet deposit is required for dogs and cats only.

Within fourteen days after the termination of the rental agreement and vacation of the premises the landlord shall give a full and specific statement of the basis for retaining any of the deposit together with the payment of any refund due the tenant under the terms and conditions of the rental agreement. Additionally, should the pet no longer live in the unit, upon request by the tenant and after an inspection by management, an accounting of any charges due will be given along with a refund of the remaining balance on hand, within fourteen days.

### **General Information for Pet Owners**
